

I Wonder How the Old Folks Are at Home

Mac Wiseman

G

G Well I wonder how **C** the old folks are at **G** home

G I wonder if they miss me while I **C** roam

C I wonder if they pray for the **G** boy who went away

G **A** And left his dear old parents all **D** alone

Chorus:

D Now you can **G** hear the cattle **C** lowin' in the **G** lane

G You cant see the fields of bluegrass where I **C** roam

C You can almost hear them cry

C **G** As they kiss their boy goodbye

G **A** I wonder how the **D** old folks are at **G** home

Just a village and a homestead on the farm
And a mother's love to shield you from all harm
A mother's love so dear and a sweetheart brave and true
Just a village and a homestead on the farm

Chorus:
